

Active, roaring fire, dramatic log set and natural brick liners combine to deliver the convenience of gas with realistic fire and ambiance.

LENNOX
HEARTH PRODUCTS

LMBV-42 shown with optional polished brass bi-fold doors

With the Merit® Series B-vent fireplaces from Lennox, you can enjoy the convenience of gas with the natural beauty of a wood fire. These fireplaces offer a masonry-like appearance, producing roaring flames without great amounts of heat, resulting in a pleasurable experience that can be enjoyed for hours. An array of design choices is available for a touch of custom style and elegance.

FRAMING SPECIFICATIONS

Inside Chase

Corner Chase

LMBV-36

IMPORTANT NOTES:

As with any heating appliance, fireplace or stove, this appliance is extremely hot during operation. Read and understand all operating instructions before using this appliance. For further information, consult your dealer.

Local conditions, such as elevation, wind, vent configuration and choice of fuel will affect overall appearance of the fire and heating performance. Performance can also vary with home design and insulation, climate, condition and type of fuel used, appliance location, burn rate, accessories chosen, chimney installation and how the appliance is operated.

Diagrams, illustrations and photographs are not to scale—consult installation instructions. Product designs, materials, dimensions, specifications, colors and prices are subject to change or discontinuance without notice.

Approved to U.S. and Canadian safety and performance standards—ANSI Z21.50/CSA 2.17-M98 vented gas fireplace heaters.

The EnerGuide energy efficiency ratings for this vented decorative gas fireplace are 9% (36" model) and 13% (42" model) when tested to the Canadian Standards Association's CSA P.4.1-02 testing method for measuring annual fireplace efficiency.
