POLISHED BRASS OR BRUSHED  
STAINLESS HOOD TRIM KITS

**INSTALLATION INSTRUCTIONS FOR POLISHED BRASS OR BRUSHED STAINLESS HOOD TRIM KITS  
FOR USE WITH MERIT™, MERIT PLUS™ OR ELITE® SERIES GAS FIREPLACES**

**GENERAL INFORMATION**

These polished brass hood trim kits (Catalog No. 96K66 to 96K69, 98K28, 98L10 and H7028) or brushed stainless hood trim kits (Catalog Numbers 88L47 to 88L51, 98L11 and H7029), may be used with Merit™, Merit Plus™ or Elite® series gas fireplaces, to replace the factory installed painted hood. These kits contain a polished brass or brushed stainless hood and these instructions.

**CAUTION**

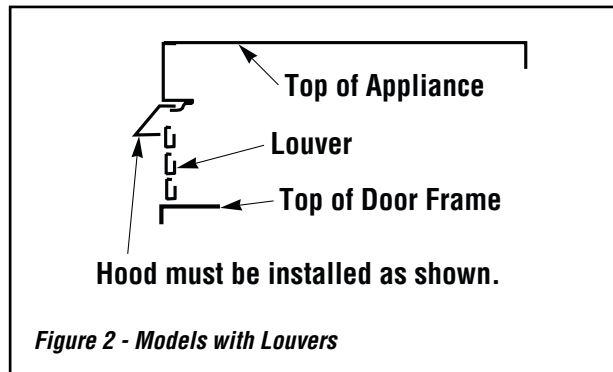

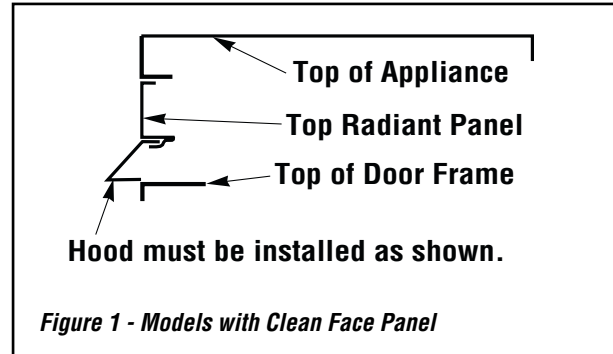

**INSTALL ONLY WHEN THE FIREPLACE IS OFF AND COLD!**

**INSTALLATION INSTRUCTIONS**

**Note:** Do not operate the fireplace without the hood installed in its normal position. See **Figure 1** for models with clean face panel or **Figure 2** for models with louvers.

**Step 1.** Grasp the existing hood and pull it forward away from the fireplace (it is held in place by spring tension). See **Figure 1** for models with clean face panel or **Figure 2** for models with louvers.

**Step 2.** Press the polished brass or brushed stainless hood into its slot in the fireplace as shown.

NOTE: DIAGRAMS & ILLUSTRATIONS NOT TO SCALE.

Lennox Hearth Products reserves the right to make changes at any time, without notice, in design, materials, specifications, prices and the discontinuance of colors, styles and products. Consult your local distributor for fireplace code information.
